# Izarbel, the Basque Coast's Science Park

Dedicated to the digital economy,  
these 200 000 sq m of land will  
provide you the resources you need  
to fully develop your business

**KEY FIGURES:**

**+ 100**  
businesses

**3**  
research  
laboratories

**1**  
incubator

**2**  
business  
incubators

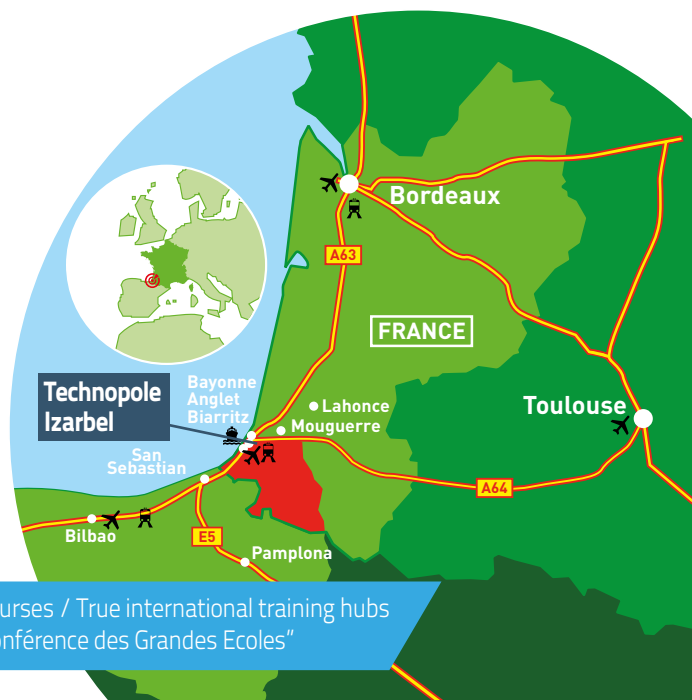

## SYNERGY OF SKILLS

With over 100 ICT businesses on the site, the Science Park will ensure you a strong and dynamic economic environment, supported by expertise in a wide range of fields:

- The Aquitaine Regional Incubator & Estia Entreprendre to support innovative projects
- Estia Research with its R&D laboratories & platforms: IKASI, ENER-GEA, PEPS, SIMECOMP, ADDIMADOUR
- Qualified resources provided by ESTIA Engineering School

## ESTIA Institute of Technology

750 students, including  
670 students engineers  
with a solid scientific  
and technological  
background in  
mechanics, electronics,  
energy, advanced IT and  
telecommunications

ESTIA: Trilingual courses / True international training hubs  
Member of the "Conférence des Grandes Ecoles"

# IDEALLY LOCATED AND INNOVATIVE

## A strategic location:

- ▶ Located in the heart of the cross-border area which extends from Bayonne to San Sebastian (Spain) and close to various means of transport
- ▶ 500m from the A63 motorway exit (Biarritz)
- ▶ Biarritz Basque Country International Airport less than 2 minutes away
- ▶ Biarritz high-speed train station just 2 minutes away
- ▶ San Sebastian / Hondarribia Airport 30 minutes away

## Premises & services

- ▶ At Izarbel you will find a property solution suited to your business' stage of development: incubator, nursery, business centre, offices and land to build your own premises, as well as a crèche.

## Innovation

- ▶ The 24 Hours of Innovation is one of the Estia campus' key technological moments, bringing together around 250 engineers, developers, researchers, designers, etc. with the aim of providing in 24 hours non-stop viable solutions for around thirty innovative projects proposed by companies (Total, Turboméca, Quiksilver, Dassault,...)

- ▶ This annual event has an international dimension: Grenoble, Montreal (Canada), USA and Spain.
